WHO WE ARE

We are Europe’s Leading Medical Equipment Auction House.

Whether you're an equipment dealer, exporter, hospital, engineer or healthcare provider, BMA gives you access to Europe's largest selection of quality used medical equipment.

Every week, thousands of lots from NHS hospitals, ambulance services, private healthcare providers, OEMs and leasing companies becomes available through our online auctions.

Unlike general auctioneers, we specialise exclusively in medical equipment. That means every auction is built around the needs of professional medical buyers.

Backed by Europe's Largest Auction Network.

BMA's expertise extends beyond the UK with France Medical Enchères (FME), our specialist French medical equipment auction house. Together, we give buyers access to specialist healthcare equipment from multiple European markets.

As part of the TBAuctions Group based in the Netherlands, every auction also benefits from exposure to more than 750,000 registered bidders across 170+ countries, connecting trusted healthcare organisations with buyers around the world.

Our categories include:

Ambulance Equipment & defibrillators

Anaesthesia & ventilatory equipment

Cosmetic & Aesthetic

Dental Equipment

Endoscopes & Endoscopy equipment

General Medical equipment

Marketplace (Fixed Modality such as CT Scanners and MRI)

Optical & Ophthalmic equipment

Patient Monitors

Ultrasound & Radiology

ONE AUCTION PLATFORM. THOUSANDS OF OPPORTUNITIES.

Trusted Sources. Trusted Equipment. Trusted Results.

Where equipment comes from matters. At BMA, every auction features equipment sourced directly from trusted healthcare organisations across the UK and Europe, giving buyers greater confidence in its provenance and history. Rather than purchasing through unknown secondary channels, buyers gain access to professionally maintained equipment from organisations they know and trust. It's one of the reasons thousands of buyers worldwide choose BMA as their preferred medical equipment marketplace.

Equipment Sourced Directly From:

NHS Hospitals & Trusts

Surplus and decommissioned equipment from one of the world's most respected public healthcare systems.

Private Healthcare Providers

Quality equipment from leading independent hospitals and healthcare groups.

Original Equipment Manufacturers (OEMs)

Trade-ins, demonstration systems and manufacturer-approved remarketing programmes.

Finance & Leasing Companies

Ex-lease equipment with documented ownership and professional asset management.

Universities & Medical Schools

Equipment from teaching hospitals, research laboratories and clinical training facilities.

Ambulance Services

Specialist emergency medical equipment from frontline ambulance trusts.

Research & Healthcare Facilities

DON'T JUST TAKE OUR WORD FOR IT

10

"Excellent service, many successful transactions and quality stock. Staff is very helpful and professional. Definitely the No.1 place to buy second hand medical equipment."

Google Review (2025)

"BMA consistently works within our budget to supply specialist equipment that meets our needs, delivering on time and ensuring we can provide the highest standard of care. Their commitment to quality and reliability has been invaluable and we highly recommend BMA for any organisation seeking a dedicated and professional medical equipment supplier. Thank you for your continued support!"

Flight Paramedic Director, Air Ambulance Medical Services (Heathrow) Ltd

"I love dealing with BMA, the office staff are friendly and accommodating. The warehouse staff Corey, Daryl and Jack and Dave are fabulous and can't do enough to help. Always go the extra mile and would 100% recommend. It's so refreshing to work with a people centred business."

Google Review (2025)

"Working with BMA Auctions has been an excellent experience for us at Delya Trading LLC. Their professionalism, transparency, and efficiency have made the entire process smooth and reliable. We truly appreciate their support and look forward to continuing our successful partnership."

Delya Trading LLC

"Wonderful people and so easy to work with. I cannot thank the team enough for all the help provided with our humanitarian missions which can be complex. From fall of hammer the process is so helpful and makes things so easy. Words of praise for all I have encountered along the way but particularly Chris and Darryl Challenger who are always up for the challenge I land them with. Both are always friendly and obliging and without their good grace throughout the process many essential items of life saving equipment would not have got to where it is needed."

Google Review (2025)

"BMA is a trusted auction house who provide a great service. All the staff are helpful and friendly - I have been buying from them for years without a single issue. 10/10"
